

# WELCOME TO **EDUFUND AFRICA INITIATIVE**

Edufund Africa Initiative is an International Non-Governmental Organization ("INGO") that aims to improve access to quality education for underprivileged children in Africa. Through fundraising efforts, we provide financial support for school fees, textbooks, class rooms renovation, construction of toilets and boreholes, school tables and chairs and other educational resources, helping to empower the next generation of African leaders.

Giving education to out-of-school children is the very hope to achieving a brighter future for the nation. At Edufund Africa, we actualize every child's dreams.

# ABOUT EDUFUND AFRICA INITIATIVE

Edufund Africa Initiative is an International Non-Governmental Organization ("INGO") that is committed not only to improving the quality of education but also ensuring that no body is denied access to quality education for any reason in Africa.

Education plays a key role in human capital formation but funding education in Africa has continued to be a big challenge even to the government. Bearing in mind that education is the best legacy that any body can be given, Edufund Africa Initiative therefore finds a way to support education funding through a technology-led crowdfunding model.

## Edufund Africa Initiative

### Vision

Our vision is to be the foremost African International Non-Governmental education fund managers that will mobilise education fund and channel same into education funding for real and quality human capital formation required for sustainable development.

### Mission

Our mission is to ensure that quality and affordable education is an undeniable birth right of every child in Africa while providing a platform for every patriotic individual to sponsor education as a contribution to national development.

Page No - 04

### Culture

#### ● Integrity

We only promise what we can deliver and deliver what we promise

#### ● Accountability

We hold ourselves accountable at all times to all our stakeholders particularly our sponsors

#### ● Equality

We see and treat all children and students equally without any form of bias regarding their social background, ethnicity, religion, gender.

#### ● Standard

We strive to maintain high standard in all our dealings with stakeholders

#### ● Collaboration

We seek collaboration with stakeholders and sponsors towards making education accessible and affordable
